BEN GREET PLAYERS COMING

Will Present "She Stoops to Conquer" on Club Grounds on May 10, to Be Preceded and Followed by Music and Dancing.

A large and brilliant gathering of Richmond society will mark the presentation of "She Stoops to Conquer," by the Ben Greet Players on the evening of Wednesday, May 19, at 8:30 o'clock. The affair will be given on the grounds of the Country Club of Virginia, and owing to a large membership, visitors' cards will not be good on this occasion. The company is a splendid one, with Inez Buck as the principal figure, and a string quartet to add to the charm of the entertainment. There will be music and dancing before and after the play, and hundreds of guests will motor to the club to attend this affair, which promises to be one of the smartest of the late spring season.

Last evening the first of the mid-weekly dances was held at the clubhouse, with a large number of members in attendance. These dances will be continued through the summer. An outdoor dining-room, recently opened at the Country Club, has been the scene of some charming functions. The pleasure of enjoying one's food out of doors in the spring and summer is always a delightful one, and several luncheons and dinners will take place there this week.

Stubbs, Jr. The choruses of Barnstable, girls, sailors and townspeople, will be accompanied by Kessner's band.

MANDATE IN FRANK CASE

Issued by Supreme Court at Request of Prisoner's Counsel.

WASHINGTON, May 5.—Upon the request of counsel for Leo M. Frank, the Supreme Court today issued its mandate by which the decision of the Georgia Federal District Court denying Frank a writ of habeas corpus was affirmed. The mandate ordinarily would not have been issued until May 19, thirty days after the court's decision.

It was reported that the action of Frank's counsel was to facilitate his application before the Georgia State officials for commutation of his death sentence for the murder of Mary Phagan.

REASONS FOR MOTION

IN SUPREME COURT

ATLANTA, Ga., May 5.—Leo M. Frank's attorneys here in a statement given out to-day said they understood that the object of the motion in the United States Supreme Court was simply to inform the court that Frank's counsel had no intention of filing a motion for rehearing on the habeas corpus application. "Those representing Frank's application before the prison commission and the governor for commutation of the death sentence," the statement continues, "have no desire to hasten or retard the hearing before either the Governor or the commission. They wish and expect the application to take the usual and ordinary course."

It is expected that the mandate will reach the Federal court here the last of this week, and that Frank will be taken before the county Superior Court for sentence next Saturday or Monday. The May term of the prison commission ends on Saturday, and a hearing on Frank's application would not be given until the June term, which begins June 7, unless a special session of the commission were held, and this the prison commission states is unlikely.

The Georgia law is that the date for the execution of the death sentence shall be set not less than twenty nor more than sixty days from the date of sentence.

SUPREME COURT TO HEAR SUIT FOR RETURN OF FARM

Grants Appeal to R. E. Reed and W. L. Moore, of Campbell County.

LAND WAS SOLD FOR TAXES

Mrs. Annie W. Penfield, of Philadelphia, Appellee, Claims Her Virginia Property Was Acquired by Appellants Through Fraud.

An appeal and supersedeas were awarded by the Supreme Court of Appeals of Virginia yesterday on the petition of R. E. Reid and W. L. Moore in the suit of J. Annie W. Penfield vs. Reid and Moore which comes up from the Circuit Court of Campbell County.

The suit was brought by Mrs. Penfield to set aside and annul a deed from S. C. Goggin, clerk of the Circuit Court of Campbell, conveying to Reid and Moore a tract of land purchased by them at public sale under the delinquent tax law. Mrs. Penfield alleges that the property, about 250 acres of land, worth between \$5,000 and \$10,000, was sold to Reid and Moore for taxes, fees, etc., amounting to \$46.85. She is a resident of Philadelphia and inherited the land from her father.

SAYS AGENTS NEGLECTED TO PAY TAXES DUE

Mrs. Penfield's agents, it is stated, neglected to pay the taxes and she was unaware of the debt. She charges that by fraud or concealment on the part of the purchasers she was prevented from the purchase of the real estate in the time allowed by law.

An appeal was also allowed in the chancery suit of E. W. Lay vs. Edward Henderson's administrator and others, which comes from the Circuit Court of Madison County on the petition of R. D. Morris, one of the defendants. The suit was brought to establish ownership and title to a tract of seven and one-half acres of land near Oak Ridge, Madison County.

SHIPMENTS SUSPENDED

American Buyers Can Get No Canadian Products for Export.

OTTAWA, Ont., May 5.—Shipments of wheat, flour and a large number of other agricultural products and commodities to the United States have been postponed, it was officially announced, except when such shipments are intended solely for domestic consumption in the United States and not for re-exportation abroad.

A detail of the new restrictions is that all products shipped out of the Dominion must be consigned to specific firms or individuals, and that bills of lading must state that the products are for consumption in the United States. Reasons for the restrictions were not divulged.

The embargo was declared at the suggestion of London. Not only are wheat and farm products affected, but various sorts of provisions have been added to the list.

There are said to be only 7,000,000 bushels of wheat available for export in Canada now.

If Americans wanting wheat for export can furnish satisfactory assurances that none of the wheat will reach Germany, Austria or Turkey, it was said, permits for the exportation of such shipments could be issued.

WILSON DISAPPROVES

Objects to Newspaper Controversies in Industrial Relations Inquiry.

WASHINGTON, May 5.—President Wilson's refusal yesterday to furnish the Industrial Relations Commission with copies of correspondence with Governor Ammons, of Colorado, on the Colorado coal strike, was explained at the White House by the statement that the President did not care to take any part in the controversy between Chairman Walsh and John D. Rockefeller, Jr., over Mr. Rockefeller's assertion that an agent of Mr. Rockefeller had written a letter to the President for Governor Ammons to sign.

The President's friends understand he believes the commission should conduct the investigation into industrial conditions, for which it was created by Congress, without getting into newspaper controversies. While he has not gone into the merits of the discussion between Mr. Walsh and Mr. Rockefeller, it was said to-day, he thinks the objects of the commission's investigation are apt to be defeated if published attacks on witnesses before the commission are continued.

FOR CLOSER RELATIONS WITH ROAD'S EMPLOYEES

Pennsylvania Railroad Vice-President Says Company Is Not Opposed to Organization.

HE IS CHAMPION OF MEDIATION

Insists on Principle of "Open Shop" and Objects to Unions With Affiliations Which Might Bring on Sympathetic Strikes.

WASHINGTON, May 5.—The Pennsylvania Railroad Company, answering charges of unfairness to organized labor before the Federal Industrial Relations Commission to-day, declared through its vice-president, W. W. Atterbury, that it did not oppose organization of its employees, but did insist on the "open shop" principle, and opposed unions with affiliations which might bring on sympathetic strikes.

"We would welcome closer relations with our employees," said Mr. Atterbury, "if it could be brought about under proper auspices. We would more than welcome an organization of all Pennsylvania Railroad employees among themselves without entangling outside affiliations."

The objection of the Pennsylvania to the Order of Railroad Telegraphers, which complained to the commission against the company, the witness said, was that it would make the men responsible to the president of the union, and not to the proper railroad officials.

Mr. Atterbury championed mediation as the best means of settling labor disputes.

The Pennsylvania vice-president submitted lengthy correspondence with the United States Board of Mediation in reply to the charge that the company had refused to mediate difficulties with the Order of Railroad Telegraphers. He said he did not believe the committee acting for the telegraphers represented the "best element" among the Pennsylvania employees, or that the Erdman act could have any application to the situation existing at this time.

Regarding big strikes, Mr. Atterbury asserted he would be very much surprised ever again to see a big railroad strike in this country.

W. H. Pierce, an organizer of the Brotherhood of Federated Railroad Employees, the next witness, asserted that conditions among the Pennsylvania shippers never would be what they should be until the company extended to them the right of organization as it is extended to employees of the transportation service.

Before Mr. Atterbury submitted the attitude of the Pennsylvania Company, H. B. Perham, president of the Order of Railroad Telegraphers, who testified yesterday, was questioned again by the commission as to complaints against the company.

ADMITTS COMPANY OPERATES SECRET SERVICE SYSTEM

Mr. Atterbury admitted that the railroad company operates a secret service system, as charged by Mr. Perham.

The unions have emissaries in our ranks," he said. He denied knowledge of the storage of arms and ammunition for use in labor emergencies.

"We are prepared for anything we have to face," said Mr. Atterbury. "If arms and ammunition are necessary, I should be glad to see the company justified in keeping them."

Chairman Walsh asked him if he didn't think the control of armed forces should remain with the State, and Mr. Atterbury replied:

"Theoretically, yes, but practically I doubt if you ever can arrive at that solution."

"What is your opinion of the effect of labor organization on output?"

"It is very beneficial," said Mr. Atterbury.

Mr. Atterbury said there are two kinds of industrial unrest—commercial and political.

"My opinion is that a certain amount of unrest is a good thing," he said. "No progress is to be made unless there is unrest."

"The responsibility for commercial unrest is largely on commercial conditions. The irregularity of employment is the most serious thing we have to compete with. A man is always happier when he has regular employment and regular hours. If there was any proper method of profit-sharing or stockholding by employees, I would be very keen for it."

Mr. Atterbury presented a statement on the same days that the Pennsylvania Railroad toward its employees. "The management believes the company's greatest asset is the loyalty and efficiency of its men," said the statement. "Its labor policies may be generally described, therefore, as an effort to protect that asset."

"The company believes that railroad employees should be paid high wages, and it believes there should be a feasible safeguard to provide for the personal safety of both employees and passengers."

"The company frankly recognizes the propriety of the men organizing for the purpose of bettering their condition, subject only to such restriction as may protect the elemental essential of safe and continuous operation."

Mr. Perham, however, charged the Pennsylvania system with exercising control over the domestic coal and labor and business conditions in some places, notably Altoona, Pa. "It is a clear case of 'My company, of the I sing,'" said Mr. Perham. "If you wish to live in Altoona, you must live as the Pennsylvania wishes you to live."

RICHMOND BAPTISTS TURN FACES TOWARD HOUSTON

Southern Convention Will Meet Next Wednesday in Sixtieth Annual Session.

TO CONSIDER MANY CHANGES

Concentration and Consolidation of the Various Boards One of the Matters to Be Debated—Those Who Will Go From Richmond.

During the concluding days of this week and the opening days of next week Baptists from all over the South will be leaving their homes for Houston, Texas, to attend the sixtieth annual Southern Baptist Convention.

The convention will meet next Wednesday afternoon at 3 o'clock in the auditorium in the Texas City. The opening sermon will be preached that night by Rev. J. W. Porter, D. D., of Lexington, Ky., editor of the Western Recorder of Louisville, Ky. Dr. Porter is well known in Virginia, having been at one time a pastor of a Baptist church in Newport News. The convention will be in session six days.

CONVENTION TO HEAR REPORT

FROM EFFICIENCY COMMISSION

One of the matters of importance to come before this session of the convention is the report of the commission on efficiency. Two years ago, when the convention met at St. Louis, Rev. John H. Whitcomb, of Atlanta, offered a resolution calling for a consideration of the matter of the efficiency of the denomination. The resolution was adopted, and under it there was appointed what is known as the efficiency commission. This commission made a partial report last year when the convention met at Nashville, Tenn., but final action on all the matters involved was not taken, and the commission was continued with the addition of three members.

The enlarged commission is composed of Rev. E. C. Dargan, D. D., pastor of the First Baptist Church, of Macon, Ga.; Rev. John E. White, D. D., pastor of the Second Baptist Church, Atlanta, Ga.; Rev. J. B. Gambrell, D. D., corresponding secretary of the Texas State Mission Board; Rev. W. W. Latham, D. D., pastor of Broadway Baptist Church, of Louisville, Ky.; William E. Hylton, of Richmond; Dr. G. C. Savage, of Norfolk; Dr. J. M. Foster, of St. Louis; Dr. J. M. Foster, of St. Louis; and Dr. J. M. Foster, of St. Louis.

The Sunday school board of the Southern Baptist Convention; Rev. J. F. Love, J. D., of Richmond, home secretary of the foreign mission board; Rev. B. D. Gray, D. D., of Atlanta, corresponding secretary of the home mission board; Rev. E. V. Mullins, D. D., of Theological Seminary at Louisville, Ky.; Rev. Livingston Johnson, D. D., of Raleigh, corresponding secretary of the North Carolina State mission board; Rev. E. C. McConnell, D. D., of Druid Hill Baptist Church, Atlanta, Ga.; and Rev. W. D. Powell, D. D., corresponding secretary of the Kentucky State mission board.

CONSOLIDATION OF BOARDS TO BE A SUBJECT FOR DEBATE

The commission at the Nashville meeting of the convention made certain recommendations that were accepted, but perhaps the matter of the consolidation of the various boards was left for consideration at the coming meeting in Houston. This was the proposed consolidation of the boards.

There is a feeling on the part of some of the leading men of the convention that better results would be had if the work of all the boards were consolidated instead of the activities being so divided among different boards. As now, these including the Sunday school board, the foreign mission board and the home mission board. The efficiency commission at Nashville reported in favor of letting Dr. Tucker remain as now, but this portion of the report of the commission was not accepted, the convention adding third instructions to report in Houston.

SOME OF THOSE WHO WILL ATTEND FROM RICHMOND

Among those who will attend the convention from Richmond are Rev. E. C. Dargan, D. D., Rev. T. C. Skinner, D. D., Rev. T. H. Ray, D. D., foreign secretary of the foreign mission board; Rev. J. F. Love, D. D., home secretary of the foreign mission board; Rev. William H. Smith, editorial secretary of the foreign mission board; William Elyson and R. D. Garland.

Meeting also in Houston next week on the same days that the Southern Baptist Convention will meet, will be the Woman's Missionary Union Auxiliary to the convention. Miss Fannie E. McGee, president of the union, and Miss Kathleen Mallory, secretary, will be the two representatives from Richmond. It will be the twenty-seventh annual session of this body.

NEGROES ARE ACQUIRED

Declared Not Guilty of Inciting Race Riot.

BOSTON, May 5.—William M. Trotter, editor of a weekly newspaper, and Rev. Aaron Fuller were adjudged not guilty in Municipal Court of inciting a riot April 17 in connection with a display of moving pictures dealing with a display of the Southern reconstruction period. Both are negroes.

NEGRO EXPOSITION ATTRACTS ATTENTION

Giles B. Jackson Returns From Conference With Governors of Northern States.

PRESIDENT WILSON EXPECTED

White Business Organizations of Richmond Are Asked to Name Committees to Arrange for Reception of President and Party.

If the great negro exposition to be held at Richmond July 5 to 27 is not a distinct success it will be due to no lack of effort on the part of Giles B. Jackson, president of the exposition. Jackson has just returned from a tour of certain Northern States, where he interviewed the Governors of New York and New Jersey, and where he consulted with Governor Whitman, of New York, with respect to having a committee of New Yorkers visit Richmond to assist in installing the Empire State's exhibit here, for which the New York General Assembly has appropriated \$7,500.

Jackson spoke to a public meeting at Atlantic City Saturday night and later consulted with Governor Feltner, of New Jersey, and with Governor Freney, speaker of the New Jersey House of Delegates, to solicit the influence of these officials in seeing that some appropriation was made by their State for the exposition. He also explained that President Wilson, former Governor of New Jersey, had promised to visit the exposition at Richmond, and he believes New Jersey will make a substantial appropriation.

SAYS SUCCESS IS ASSURED

EXPOSITION IS ASSURED

Jackson is convinced that the exposition is destined to an assured success. Already he has secured a Federal appropriation from Congress of \$55,000, a legislative appropriation from the State of New York of \$7,500, with a tentative appropriation from the City Council of Richmond of \$5,000. With regard to the Richmond city appropriation, this came up before the City Council from the Finance Committee Monday night, and action will be taken on it at the next meeting.

Jackson says that he has received assurances from various bodies in the city to appoint committees to assist in the success of the undertaking. He is soon to wait upon the Richmond Chamber of Commerce and the Business Men's Club to request these organizations to appoint committees of five members each to visit Washington and call upon President Wilson and confer with him with regard to his intended visit. Jackson will himself see the appointments of the committee of Richmond negroes which is to wait upon the President. He will leave for New York to-night to petition the New York Cotton Exchange and the management of the American Tobacco Company to see that exhibits of cotton and tobacco are installed at the exposition.

MAY ERECT SANATORIUM ON FRANKLIN STREET CORNER

Dr. R. R. Tucker Purchases Old Home Site, and Plans Extensive Improvements.

A private sanatorium is soon to be erected on the property at 212 West Franklin Street, which has just been purchased from John W. Harrison by Dr. R. R. Tucker for the sum of \$10,000.

The Harrison home, which is at the corner of Madison, has long been one of the most picturesque places on West Franklin Street, and is considered ideal, on account of its surroundings, for the purpose for which Dr. Tucker intends to use it. Citizens living in the neighborhood are said, however, to be averse to having a sanatorium erected here, and will offer strong protest against the plan.

Dr. Tucker points out that property values have not deteriorated in the vicinity of the hospitals in the West End, and that he has been reared within the past few years.

Dr. Tucker said last night that he planned to add to the present building, and that he expects extensively to improve the building. The sale having just been completed, Dr. Tucker will get possession not before several weeks. As soon as he does get possession he will have architects prepare plans for the sanatorium, which will bear his name, and will have it ready for occupancy by September 1.
